BRINK OF A MASSACRE

Twenty Thousand Christians
Will Soon Be Slaughtered.

ANOTHER TURKISH BUTCHERY.

It Will Soon Begin in the City of Van
Within Two Months—There Is no Lan-
guage Quite Adequate to a Description
of the Real Condition of Armenia at
Present.

VAN, Armenia, May 24.—From the Special Correspondent of the Associated Press.—The Sasun massacre, it would appear, was one of the most carefully planned outrages in history. The evidence of this is circumstantial only, but it is alleged to be none the less conclusive.

During the months of June, July and August, preceding the Sasun massacre, the Kurdish chiefs in the country surrounding the Sasun region, and particularly the districts in the southward and southwestward, were apparently unusually busy in gathering up the scattered warriors of their tribes for an invasion of the Sasun region.

In July and August enormous quantities of petroleum were shipped from Erzeroum to Moush. This petroleum came originally from Russia to Erzeroum, and so great was the quantity brought over the mountain roads that it was a subject of remark to very many persons. For a time it looked as though nothing went over the roads between Erzeroum and Moush but petroleum. Now it is a fact that Moush does not use a great quantity of petroleum herself, nor do her merchants sell much of it to the surrounding country. In the villages candles of sheep fat oil are used for lights.

What Moush wanted with those countless cans of petroleum was a mystery. But the mystery was a mystery no longer after the Sasun massacre, for that petroleum was used to burn the houses of the Sasun villages and to cremate the bodies of the wretched villagers who fell victims to the awful butchery. In burning the houses, the petroleum was thrown upon the wood-work in generous quantities and set on fire, with the result that everything that could burn went up in smoke.

In cremating the dead, the bodies were, in many cases, placed between layers of wood and built up into a sort of funeral pile. The entire mass was then saturated with petroleum and set on fire. It is charged that living men were cremated in the same way. But this was a merciful way of putting the unfortunate creatures to death in comparison with tortures inflicted upon many others.

The massing of troops near the Sasun region and particularly at Moush, was carried out for some time before the beginning of the massacre, in order that everything might be in readiness, according to the program said to have been carefully made out at Constantinople.

Several weeks after the Sasun massacre, it is claimed, orders were sent from the palace at Constantinople for a massacre of the inhabitants of Modikan, a district lying to the south and southeast of Sasun, but when it was seen that an investigation of the massacre at Sasun was inevitable, the order, it is said, was recalled, and Modikan was not molested, except in the ordinary course of the persecution general in all parts of Armenia.

In the city of Van at this moment there are 500 young men sworn to give themselves as a sacrifice to Turkish butchery in the hope that the attention of England may be more strongly called to the desperate situation of their people.

The Armenians can not accept any scheme of reform which does not have for its fundamental principles the absolute control of the European powers. Unless Europe controls the reforms there will be massacre of 20,000 Christians in the city of Van in two months. The Armenians themselves will bring this about rather than be cast adrift by their fellow Christians of the west.

There is no language quite adequate to a description of the real condition of Armenia at present. Men are beaten, robbed and murdered, and women are ravished by Kurds and Turkish soldiers. Woe and want and despair and death stalk abroad in this beautiful land that was once a part of the Garden of Eden. The inhabitants of Van are living on the brink of a massacre from day to day.

GROWING MORE CRITICAL.

Another Letter to the Associated Press
Dated Twelve Days Later.

VAN, Armenia, July 15.—By the transfer from Van to Constantinople of the advance guard of the Armenian revolutionary movement, captured in the village of Tchiboukla, on May 19, the Turkish government has taken a decisive step toward quieting public excitement in the eastern part of the empire.

The governor of Van, Bahri Pasha, has, during the week, added several interesting facts to the alleged confession of Harry Williams, the leader of the captured band. According to the governor, Williams has confessed that the revolutionary party, which sent him to begin the revolution, has 3,000 rifles in Trieste, Austria, which will be shipped to Armenia for the use of the patriots at the earliest opportunity.

An interesting incident of Williams' confession, as made public by Bahri, is the fact that he is not a British subject at all, but is a native of the Caucasus region of Russia, and, strangely enough, of the very district in which Bahri himself was born.

Leaving out of consideration entirely

the second revolutionary band across the Persian border, it is an undeniable fact that the Armenian situation was never at a more critical point.

Your correspondent, yesterday, met the representative of a fourth revolutionary party which has agents in Russia, England and America. Their headquarters seem to be in America, where a party newspaper is published and revolutionary funds collected. This agent is a Russian-Armenian, and he holds strong views on the situation. The fourth revolutionary party has no guns in Armenia, nor does the agent say that he has any arms hidden away.

Minister Terrell Visits the Sultan.

CONSTANTINOPLE, July 15.—United States Minister Terrell dined at the palace Saturday, and afterwards had an audience with the sultan.

NU OUT WITHOUT A PANIC.

Five on Board the French Line Steamship
Normandie White at Sea.

NEW YORK, July 15.—The French line steamship Normandie, from Havre, which arrived at this port yesterday, had a fire on board during the passage. It was at 7 o'clock on the night of July 9. The passengers were all at dinner and little was known until the next day of the danger through which they had passed.

Smoke was first seen issuing from the starboard alley about amidships. It was found to be in a compartment in the lower hold about midships, where were stored case goods, hides and skins. It is supposed to have resulted from spontaneous combustion among the oily hides.

The fire apparatus was at once brought into use, and 12 lines of hose poured hot water into the compartment. Volunteers were asked for to go to the seat of the fire, and learned the exact condition of affairs. The whole crew volunteered to a man. Ten were selected.

The water had nearly reached the ceiling when the 10 volunteers reached there. They reported the condition of affairs to Captain Deloncle, who ordered the water flow stopped. During this time few of the passengers knew what was occurring. The fire was out at noon on July 10.

Before the ship landed the passengers held a meeting and adopted resolutions commanding the captain and crew for their brave work.

Captain Deloncle is 48 years old. He has served 15 years as commander, but this was his first trip on the La Normandie. He has been 34 years at sea, and has filled every post from cabin boy to captain. The cargo will be jettisoned and an estimate made of the damage as soon as possible. The amount of the damage is said to be slight.

DOUBLE TRAGEDY.

One Man Accidentally Shoots Another and
Shortly Afterward Suicides.

KANSAS CITY, July 15.—News of a double tragedy at Bean Lake, Platte county, this state, has just been received here. Theodore Kirkman was shot and killed by George Maechel and later in the day Maechel committed suicide. Both men were from Kansas City. They were employed by a local ice company and lived in a shanty near the lake.

Maechel's story was that before getting out of bed yesterday morning Kirkman took down a gun and they began fooling with it. Maechel finally wrested the weapon from his companion. Not knowing that it was loaded, he pointed the gun at Kirkman's head and pulled the trigger. Kirkman was almost instantly killed as he lay in bed. This is the story that Maechel told when he surrendered to the Platte county authorities. Late yesterday evening Maechel committed suicide, but in what manner is not known here.

Two Girls Drowned.

CLEVELAND, July 15.—Two girls named Flora Gedeon and Mary Tomaschi, who accompanied an excursion from this city to Chippewa Lake, were drowned yesterday by the capsizing of a rowboat. The girls went out rowing with Adolph Schwartz. When they were quite a distance from the shore they tried to exchange places with each other and the skiff was overturned. Schwartz clung to the boat and was rescued, while his companions sank at once. Their bodies were not recovered. The girls were cousins and lived on Gage street in this city.

Bloody Cutting Affray.

FRANKFORT, Ky., July 15.—Reports have just been received here of a bloody cutting affray in Shelby county. Isaac Huffman and Marshall Garner, two young farmers, had an altercation arising from unknown causes, both using their knives with terrible effect, and both were literally cut to pieces. Garner had lately come to this state from Tennessee, and was working on a neighboring farm. The attending physicians say both will die.

Burglar Shot by a Policeman.

CHICAGO, July 15.—Policeman Hugh McAuley shot and fatally wounded Michael Morgan yesterday morning. Morgan, it is claimed, was resisting arrest, having been caught committing a burglary. Morgan is a night watchman at the Illinois Central Railroad company's Burrside shops. He has only been in the company's employ for two weeks, having come to this city from Louisville, where he lived at 942 Dumesnil street.

TOPEKA, July 15.—E. M. Kennedy of Delavan, Morris county, has just died after a fast of 68 days. Kennedy was taken ill several months ago, his malady baffling the skill of physicians. Then he became paralyzed, and from that day until his death he took no food, 68 days in all. Deceased was 72 years of age.

A DEADLY TORNADO.

A Windstorm Sweeps Cherry
Hill, New Jersey.

THREE PEOPLE WERE KILLED.

Others Injured and Twenty-Five Dwellings Wrecked—It Hits Woodhaven, L. I. One Women Killed and Over Thirty Houses Destroyed—Another Cyclone in North Dakota.

CHERRY HILL, N. J., July 15.—A tornado swept over this place at 3:30 Saturday afternoon, and besides riddling 25 families of their homes killed three persons outright, namely, Conder Friedman, proprietor of the Cherry Hill hotel; a Hungarian named Anton Fisher, in the employ of August Mund, and the 8-months-old son of William Ahren. Edgar Chinnoch, while attempting to release his horse from a barn, was caught in the ruins and his head badly crushed.

The following are in the Hackensack hospital: Charles Cole of Paterson, broken leg, blown from a carriage while passing through Cherry Hill; Mrs. A. M. Ahren, one ear torn off; William Friedman, scalp wound; Andrew Sattle and Anton Hoffman, in the employ of N. C. Zabristkie, the former having an arm and leg broken, the latter several ribs.

The houses of John Demarest, John Jones, Peter Fishbaugh, Harry Randal, George Mildner, August Mund, John Zabristkie, William Roemer, Joseph Cremer, James H. Vanderbeck, N. C. Zabristkie, John N. Jenkins, Mrs. M. Lozier and several others were completely destroyed.

The depot of the New Jersey and New York railroad was picked up and carried up the tracks nearly 200 feet, and then fell on the opposite side of the track. Agent Val Wettering claims he went along with a part of the depot, and was found under a freightcar.

A large beam went sliding through the air and went through the side of the Reformed church, while the edifice was knocked two feet off its foundation.

Conder Friedman was in the act of closing the upstairs shatters when the wind blew him out of the window, and he landed on his head on the hay scales, death being instantaneous.

Mrs. Ahren's body was found in the ruins when her house and that of a neighbor was lifted into the air together and came down in a confused mass.

All the injured may recover, although Chinnoch's condition is critical.

Those who remained at the scene had their wounds dressed where they were found by the doctors who hurriedly drove in the village after the storm. During the early part of the night the owners of the wrecked dwelling sat about them guarding their rains but later a patrol was formed which guarded the streets. Many of the homeless women and children were transferred to Wooodridge, where they received shelter. Yesterday active means were taken to secure them relief and homes.

Hackensack and other towns have responded promptly to the call for aid made by the people of Cherry Hill. Committees have been organized in several of the towns. The most important is the one here. Prompt measures were taken and between the amount subscribed and that gathered in boxes at the village there is now enough money to keep the unfortunate in food for a few days.

AT PLAINFIELD.

Hailstones as Large as Hens' Eggs Do Immense Damage.

NEW YORK, July 15.—Over the Watchung mountains a storm swept down on Plainfield, N. J., Saturday afternoon, which for suddenness, violence and destructive power has scarcely been equaled in the east. The streets of Plainfield were filled with hailstones, in many instances as large as hens' eggs. Greenhouses were wrecked and trees uprooted. Hillsdale, a near-by village, caught the edge of the storm and received a pelting of hailstones which caused damage to the extent of thousands of dollars.

The news of the wreck at Cherry Hill was soon brought to Hackensack, and hospital ambulances and undertakers' wagons were in demand. Hundreds of people visited the scene and did what they could for the injured. Thirty families are homeless without shelter. Governor Wertz has been asked to send tents for the homeless.

One Woman Killed on Long Island.

WOODHAVEN, L. I., July 15.—More than 30 houses were blown down here Saturday afternoon. One woman was killed and a number of persons injured.

CYCLONE IN NORTH DAKOTA.

Three People Badly Hurt and Considerable Property Destroyed.

GRAFTON, N. D., July 15.—A cyclone at O'Donnellson, six miles northeast of here, was reported at 4:45 o'clock yesterday afternoon. It was about three rods wide. At the schoolhouse nearby people were at church and heard it coming. It first struck a large machinery shop, lifted it up, turned it completely around and dropped it five rods away in a grove. It was full of machinery, which was twisted out of shape.

Turning, it took the windmill of a barn and twisted the barn. It then struck the house five rods away. The house was a large square 2-story frame building on a brick foundation. It lifted this house in the air, whirled it around, and striking on a corner it went into a thousand pieces. There were five persons in the house. Mrs.

Nelson was sitting on the porch with a baby in her arms. When in the air she dropped the baby and was carried 30 feet. Both were uninjured.

A 12-year-old girl named Peters was badly hurt. Her leg was broken and she was injured internally. She is not expected to live.

The hired man was carried 300 feet and dropped in a grove, where for a time he remained unconscious. He is badly hurt, but will recover.

The servant girl was badly hurt about the feet and back.

Everything in the house was smashed into fragments.

Mr. Nelson and several children were in Grafton attending church.

Three miles southeast, a farmer named Knudson had the roof taken off his house and there is undoubtedly more damage done.

THE DANGER PAST.

Rain Puts Out Out the Forest Fires in the Pine Section of Michigan.

GRAND RAPIDS, July 15.—Specials to The Democrat from points in northern Michigan show that a light rain fell along the Muskegon river and extended north to Cadillac. The rain nearly covered the pine section, and further damage from forest fires is not anticipated there. North of the Manistee river fires are reported at many points, but as they are in hard wood forests the damage will not be great.

The loss from fires in the great potato growing section is light as compared with that from drought. At Petoskey several prayers for rain were offered yesterday and at 9 o'clock the sky was overcast and the faithful believed they were about to receive a favorable response to their supplications.

Burned Itself Out.

BAY CITY, Mich., July 15.—Although very little rain has fallen in this vicinity yet, the fires seem to have abated considerably since yesterday and further loss is not expected. The damage done to crops in Emmet county during the past week is estimated at about \$12,000. The loss on buildings has been considerably greater.

All trains were running today and no great delays have been caused by the fires. The long drought has completely dried out the grass and everything is burned out, but if a heavy rain falls early this week little damage is anticipated.

NEW FIRES SPRUNG UP.

TRAVERSE CITY, Mich., July 15.—New forest fires have sprung up near Torch lake and Ann Cedar ran. Though no valuable property is threatened, the fires are scattering in many places. No serious loss is apprehended to timber unless a heavy wind should arise.

GUILTY ON ONE COUNT.

Some Looseness Revealed in County Affairs at Celina, Ohio.

CELINA, July 15.—Clyde V. Smith, the defaulting county surveyor, was yesterday found guilty of presenting false claims to the county auditor, and securing \$552 illegally. This case was bitterly fought by the defense, and thereby much looseness in the management of the county affairs brought out, both in the office of the auditor and county commissioners. Seemingly there has been no books kept as to their doings.

Checks presented by parties to the commissioners were simply O.K'd without investigation as to their merit, and an order drawn upon the treasurer for the amount. The trial was for presenting false claims, and was but one count of the four indictments found by the grand jury, two counts being nothing. In the first indictment the grand jury was out for 24 hours, and reported their verdict of guilty. On Sunday afternoon at 4:15 a motion for a new trial was presented by the defendant's counsel, and will be heard by Judge Mooney on Tuesday.

MILD DRINKS IN GOTHAM.

Soda and Mineral Waters Could Be Purchased at Only a Few Places.

NEW YORK, July 15.—The resurrection of the Sunday law by Judge McAdams had the effect of only slightly checking the sale of soda and mineral waters by druggists and confectioners of the city yesterday. Possibly one such place in every 20 made no attempt to sell. One in every four sold only to regular customers, while all the rest sold to everyone who wanted to buy.

Patrolmen received instructions on leaving their station house to make no arrests in such cases, except on complaint of those who had purchased drinks, and wished to have the seller arrested. There was no disposition on the part of buyers to make complaints, and as policemen in citizens' clothes, who were on excise duty, were not instructed to get cases against the soda water sellers, the latter were not interfered with.

BAD WRECK on the Big Four.

DELAWARE, O., July 15.—At 11:30 yesterday a bad wreck occurred at White Sulphur, on the Big Four railroad, resulting in wrecking 14 cars of whisky, feed, tobacco and candies, amounting to \$75,000. Dick Hurley, a moulder of Cincinnati, was instantly killed and ground to a jelly. The cause of the accident was the burning off of a journal, the car leaving the track after it had plowed the earth for a mile.

Steamer Destroyed by Fire.

LEADSTONE, N. Y., July 15.—At 1 o'clock this morning the large passenger steamer Cibola of the Niagara Navigation company, plying between Tonawanda and Leadstone, was discovered on fire. Efforts to extinguish the flames were ineffectual and the steamer was cut loose her moorings and allowed to drift down the river. She is a total loss. She cost about \$250,000.

Hardin Versus Bradley.

The Democratic Campaign Committee
took steps Saturday to arrange for a se-
ries of debates between General Hardin
and Colonel Bradley. The Democrats
intend to make things interesting for the
Republican boss.

WHAT A RECORD?

Republican Rule in the South Almost
Swamped Several States,

And Now They Want to Get Control
of Kentucky—Figures For
Voters.

The Elizabethtown News has been pre-
paring its ammunition for a brisk battle
with the Republicans on State issues.
Mr. H. A. Summers, the editor of the
News, is one of those who favor leaving
out National issues in the campaign and
devoting the discussion to State issues.
The News says:

"With National politics eliminated from
the race, Democracy is willing and anxious
to take up the gauntlet thrown
down by the Republicans to discuss State
matters. It is perhaps well that the
Democratic party of Kentucky should be
called upon to give a full account of its
stewardship. For twenty-eight years it
has controlled affairs in Kentucky, and if
it has mismanaged them it should be
turned out of power. We welcome the
issue. We invite the closest scrutiny
into the conduct of the State government.
It is a record that the party is proud of
and one that can stand out boldly in the
light of public discussion.

"It has established and maintained a
system of public schools that is unequalled
in any of the old slave States, except
Texas. Under the fostering care of the
Democratic party the per capita of each
child of school age has been increased
from fifty cents to \$2.75. It has given to
the negro children equal school privileges
with the whites. Under its wise arrange-
ment it has given the children in the Re-
publican mountain fastnesses an equality
in school money with the more favored
region of the Bluegrass. The funds are
now sufficient to give a five-months' school
each year in every district in the State
without a dollar of local subscription. It
has established and maintained a superior
system of charitable institutions, covering
the insane, feeble-minded, the blind
and the deaf and dumb. To carry on the
State Government proper, a tax of only
fifteen cents on the hundred dollars is
required, which in proportion that the as-
sessable wealth bears to the population
is less than in thirty-six of the States.

"It has indebtedness of only \$500,000
and this can better be appreciated by a
comparison with some of the States under
Republican rule:

Maine has a debt of..... \$3,470,905
New Hampshire..... 2,691,019
Massachusetts..... 7,207,349
Connecticut..... 3,740,200
Pennsylvania..... 4,068,610
Ohio..... 7,135,806
Michigan..... 5,308,294
Kansas..... 1,119,058

"Now examine the record of every
Southern State that has come under the
ban of Republican rule since the war
and compare its debt with the insignifi-
cant debt of Kentucky:

"Alabama \$52,761,917, reduced since
under Democratic rule to \$12,413,190.

"Arkansas \$19,398,000, reduced under
Democratic rule to \$8,671,782.

"Florida \$15,797,587, reduced under
Democratic rule to \$1,031,913.

"Georgia \$42,560,500, reduced under
Democratic rule to \$10,449,542.

"Louisiana \$40,021,734, reduced under
Democratic rule to \$16,088,585.

"North Carolina \$34,887,464, reduced
under Democratic rule to \$7,703,100.

"South Carolina \$22,480,516, reduced
under Democratic rule to \$6,943,582.

"Every one of these enormous debts
was contracted while the States were
under Republican rule. These figures
tell in unmistakable language the differ-
ence between Democratic and Republi-
can domination in the South, and in
comparison every Democrat in Kentucky
can afford to point with pride to his
State and to his party's record."

Its excellence is due to its presenting
in the form most acceptable and pleasant
to the taste, the refreshing and truly
beneficial properties of a perfect lax-
ative; effectually cleansing the system,
dispelling colds, headaches and fevers
and permanently curing constipation.
It has given satisfaction to millions and
met with the approval of the medical
profession, because it acts on the Kid-
neys, Liver and Bowels without weak-
ening them and it is perfectly free from
every objectionable substance.

Syrup of Figs is for sale by all drug-

real owner.

A. G. TRUITT, of Quincy, Lewis County,
has a turkey-gobbler that has developed
the setting propensities of a hen. He
fought a hen off of her nest and took
charge. Mr. Truitt and his family re-
peatedly fought him off, but he invariably
returned. Finally they decided to
put "setting" of eggs under him and the
gobbler has been for two weeks past se-
renely awaiting results, the same as a
faithful hen.

THOMAS A. FITZGERALD, who lives on
the Sallee farm at Fern Leaf, recently
sold and delivered his last year's crop of
tobacco to Powers & Robertson of Au-
gusta. The crop amounted to 15,000
pounds, was sold at 8½ cents per pound
and was raised on scant ten acres of
ground. This speaks well for Mr. Fitz-
gerald as a handler of the weed, and also
for the soil. The tobacco crop for last
year was short on account of the severe
drouth. These Democratic times are all
right for the farmers, who are the bone
and sinew of the land. Verily the day of
the calamity-howler is at an end with all
farm products again bringing good prices.

The Washingtons arrived at 10 o'clock and the game will come off unless it rains.

Enquirer: "Manager Bancroft is trying to get another game in Maysville August 9, and if arranged the full team will be sent up. Then if the Maysville team wins no excuse can be offered."

Cincinnati Enquirer: "The Woodward team is working for a date at Maysville. The present team of Woodward's is the strongest that ever represented that institution. Maysville will not find these players as easy as may possibly be their opinion."

Cincinnati Tribune: "The Senators had a narrow escape from losing to Maysville yesterday. The Maysville team will get swell-headed if they keep up this work, and will want to get in the league before long."

Pshaw! Some of the league teams are not fast enough for us,—the Reds for instance.

Ashland News: "The Maysville-Washington game was a fine exhibition of clean ball playing, and the showing Maysville is making against the league teams shows that as to class, the Bluegrass aggregation stands practically where the brook and river meet."

Covington Post: "George Rieman, now with Maysville, Ky., needs no introduction to base ball fans. His pitching on June 29 against the Cincinnati team has placed him very high in the estimation of baseballists. His curves and shoots were too much for the Cincinnati Reds. He has won nearly every game in which he has pitched this season, and seems to improve steadily. He can hit and field as well as many of those drawing large salaries."

Portsmouth Blade: "Maysville, by the way, has a stiff nine. They played a 1 to 2 game with the Senators Friday, and have simply wiped local nines off the earth. A lot of crack amateurs from Cincinnati were the latest victims. The Maysvilles allowed them to make a run in the last half of the seventh inning, and that was all. Maysville piled up seven runs and then quit playing ball. They just played horse with the visitors for the remainder of the game."

Kid Keenan, the Covington twirler, who pitched the winning game against the Shamrocks July 4th, has been secured by the Maysvilles for the trip South this week. The Covington Post has this to say of him: "Harry (Kid) Keenan started with Chattanooga, and pitched winning ball until all the other pitchers were disabled, and he was compelled to pitch two successive days in the rain, which caused him to take cold in his arm, and necessitated his temporary retirement. His arm is mending rapidly, and he will in all probability finish the season in the Texas League. The 'Kid' is not only a good pitcher, but a good batter and fielder. Al. Weinfield, the well-known Southern baseball writer, says this of Keenan: 'Kid Keenan is the

same young 'un who fools the heavy hitters just as well as though he had 180 pounds of beef to back him up in height and proportion. It's surprising what speed he can get up with his build, as to look at him you wouldn't think he had strength enough to throw dice.'

MRS. GEORGE ORT.

Death Darkens Another Happy Home
The Loved Wife and Mother
Called

Mrs. Maggie Ort, wife of Mr. George Ort, died this morning at fifteen minutes past 6 o'clock at the family residence on West Fourth street, after an illness of four months. Her condition had been very critical for some time, and her friends were in a manner prepared for the sad news of her death.

Deceased was the eldest daughter of the late George Schlitz, and was about thirty-six years of age. Her husband and two sons, Harry aged sixteen and Eddie aged fourteen, survive her. Her many friends learn with regret of her death, and sincerely sympathize with the bereaved ones in their loss.

The funeral will occur Wednesday afternoon at 3 o'clock at the residence of Mr. Henry Ort, and will be conducted by Rev. D. P. Holt. Friendship Lodge, D. of R., I. O. O. F., of which deceased was member, will have charge of the services.

WHO WERE THEY?

The Music of the Maysville Minstrels Melodiously Mellifluous.

Don't Say a Word or You'll Wake the Baby.

[Mt. Olivet Tribune-Democrat.]

The much talked of entertainment by the Maysville minstrels, at this place last Thursday night, came off, and—oh, well, we wish we could stop right here, but we can't. The stage was very tastily fixed up, decorated with the American flag, which made everyone feel patriotic. The curtains were pretty, and the cork the boys used on their faces was black enough. Is that all? Oh no, but we would give our old inking apron if it were.

The house was crowded. The curtain arose, the entertainment began, and then, oh then. The student of Ayer's annual was carried back to his childhood days. The jokes came, but my, my, how delightfully antique. The advanced age of the old saws commanded the respectful attention of the audience for a while, but when "Bill" reached away down in an old barrel and dragged out an almanac of the year 1763, the audience heaved a sigh of ineffable agony. The singing of the "moss covered" bucket right at this time, was very appropriate, and the significance thereof was highly appreciated.

Each song was given a hearty encore, and loud calls to "come back" greeted each selection. And like Miss Jones, they always came. It was several hours before the boys caught on at all.

There were a few redeeming features, however, about the entertainment. The instrumental music was excellent. They handled the guitar, banjo, mandolin and violin with rare skill, and treated the audience to many pretty selections. The female impersonator was good, while the juggler did pretty well for an amateur. While they couldn't sing very much, and while their jokes might have been pabulum for an antiquary, they were exceedingly nice young men and conducted themselves like gentlemen.

WORK FOR THE MINISTERS.
Nearly Every Pulpit in Boston Supplied
With Eminent Preachers.

BOSTON, July 15.—The program of the Christian Endeavor yesterday included work only for the visiting clergymen. The local ministers in general gave place to those who had come from other localities to attend the convention, and it is doubtful if ever before in the history of Boston its pulpits were supplied with such an array of eminent preachers.

To the more than 50,000 members of the Young Men's Society Christian Endeavor the day came as a literal "day of rest." The energetic young men and women who ever since the convention opened have been given but little respite from their labors in caring for the many visitors, appreciated the change and the strangers, wearied by continued convention sessions, seemed glad to be able to attend service in the localities in which their headquarters were, instead of having to undergo the crowding necessary to get to the tent meetings and the Mechanics' hall sessions.

The distribution of clergymen was so planned that the delegates quartered in the suburbs could attend worship in their districts. Several delegations located down town emphasized their ideas on the matter of Sabbath observance by meeting Saturday and passing resolutions pledging themselves not to use the streetcars or other conveyances. As a result the streets, just prior to the commencement of regular church services, were thronged with men and women wearing Christian Endeavor badges, proceeding up foot to the most convenient churches. They had already begun the day with the usual 6:30 a.m. prayer meetings at their various headquarters, but in contrast to their practice on other days there was no singing on the streets as the delegations passed and fro.

The clergymen who spoke are among the most eminent in this country, and the list also included many distinguished preachers from abroad. In many cases the themes were upon the Christian Endeavor movement and its results, but in others general subjects were chosen. With that the 50,000 visitors in the city, besides the regular church goers, nearly every church was filled.

ELECTION IN LONDON.

Unionists Members Gaining While the
Liberals Are Faring Badly.

LONDON, July 15.—Sir William Harcourt's defeat in Derby was the sensation in political circles last night. It is admitted on all sides that the Liberals are beginning very badly. Of 110 members thus far elected, 96 are Unionists, 10 Liberals and four Parnellites. Eight Liberal seats have been captured by the Unionists, and the Radicals have captured one Unionist seat, that at Perth.

As far as outward appearances go the elections are causing little excitement in London. There are a few idlers in the Strand where The Graphic displays a representation of Lord Salisbury and Lord Rosebury climbing ladders to indicate the course of election returns.

The moral effect of Sir William Harcourt's defeat, will be great, as even the most sanguine Conservative did not expect a Liberal majority of 1,900 to be converted into a Unionist majority of 1,100.

While Sir William Harcourt fared so badly, Hon. A. J. Balfour, the new first lord of the treasury who is to succeed Sir William as leader of the house of commons, nearly doubled his majority in Manchester.

After the result had been announced in Derby at midnight Sir William Harcourt, with his wife, drove to Liberal headquarters and made a speech, in which he said that he had been defeated too often to be either elated if successful or depressed by a reverse. But he did not wish to conceal the magnitude of the defeat which had fallen upon his colleague and himself.

Sir William Harcourt's defeat is generally attributed to the prominence which he gave to the local veto or local option measure.

TWO NEGROES MOBBED.

Taken From Jail by Seventy-Five Men
Without Any Resistance.

CAMDEN, Ark., July 15.—About 12 o'clock Saturday night at Hampton, 30 miles east of here, two negroes were mobbed by 75 men. Two weeks ago a white man by the name of Martin was killed by three negroes. Two of them were arrested and confined in jail. A mob gathered several nights ago, but were persuaded to desist. Saturday night there was another gathering, and 75 determined men marched to the jail and demanded of the sheriff the surrender of the murderers.

It was useless to resist such a force with but a handful of men to summon to his aid, so the keys were delivered to the mob. The culprits were carried to the neighboring forest and hanged to trees. The men were not masked and made no effort to conceal their identity. Two years ago a race riot occurred in Calhoun county. The negroes greatly outnumbered the whites and further trouble is expected.

REVENGE FOR ROBBERY.

A Woman Murdered and Horribly Mutilated For Fifty Cents.

ST. LOUIS, July 15.—A white man, evidently familiar with the White Chapel manner of murder, took the life of Ella, alias "Kid" King, a negro, 23 years of age, and a dissolute character, at a late hour Saturday night. The woman, whose abdomen was ripped open by the knife of the assassin in such a manner that the entrails dropped out, died at the hospital soon after reaching there.

Last night Charles Schlicht, a white man, who is said to have lived with the King woman in Kansas City, was arrested on suspicion of having committed the murder, which he strongly denies. Just before the crime was committed he was heard to say he would get even for being robbed of 50 cents.

MADRID, July 15.—The Spanish foreign and colonial ministers have finally agreed to the immediate payment of the Mora indemnity.

Don't feel well

Why?

Oh! I don't know. Worry I expect.
Worrying about what?
Well, you know the servants are a
heap of trouble.
The children worry me a heap.
I am broken down.
In the morning I generally have
a headache;
Along towards evening my back
feels as if it would break.
Every time the baby cries I nearly
jump out of my skin, I am
so nervous.
Your system needs toning up.
Why not take Brown's Iron
Bitters, the best strengthening
medicine made. It will give you a
good appetite, make your blood rich
and pure, give you strength, make
life a pleasure. Not only take it
yourself, but give it to the children.
It is pleasant to take: Small dose.
The only iron medicine that don't
blacken the teeth. But get the
genuine—it has crossed red lines on
wrapper.

BROWN CHEMICAL CO. BALTIMORE, MD.

Robert E. Lee.

The Cincinnati Tribune gave a short sketch yesterday of a number of the hotel clerks of that city. It has the following in reference to a popular clerk formerly of this city:

Robert E. Lee, one of the room clerks at the Palace, was born near Maysville, Ky., in 1869. His first hotel experience was as clerk at Heiser's European Hotel in his native town. When that hotel closed he went to the St. Charles Hotel in the same place. He remained until 1892, when he was offered the position of key clerk at the Palace, in Cincinnati. He was quickly promoted. He is a relative of the famous General who commanded the Confederate armies, and for whom he is named. Being of Southern blood, he is, of course, a staunch Democrat. Lee is unmarried. He expects to take a vacation soon at Glen Springs, near his "Old Kentucky Home."

The Democratic Campaign Committee is organized by the State Central Committee as follows: Major L. C. Norman, chairman; Henry B. Hines, of Bowling Green; Major P. P. Johnston, of Lexington; Frank P. Straus, of Shepherdsville; Charles R. Long, of Louisville; John B. Castleman, of Louisville; John Doerhofer, of Louisville; John M. Atherton, of Louisville; James P. Helm, of Louisville. Mr. R. H. Ingram, of Louisville, was made Secretary.

A FOUR-HORSE team with the wreck of a wagon dashed east on Second street shortly after 9 o'clock this morning, creating considerable excitement. They belonged to Colonel Baldwin, and were finally stopped in the Fifth ward. One of the horses was considerably bruised by falling, but this with the wreck of the wagon was the only damage done. A clasp of thunder frightened the animals and caused the runaway.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

THE ladies of Cobb County, Georgia will have at the Cotton States and International Exposition, the famous battle-scarred cabin from the battlefield of Kennesaw mountain, which is situated in Cobb County. This was a plain log cabin about twenty feet square, which was situated just behind the Confederate breastworks. It was the centre of fire from some of Sherman's batteries, but strange to say, did not burn up. There are over thirty holes in the cabin made by the Federal shells, and innumerable bullets are buried in the logs. The battle cabin will be taken down and exactly replaced on the Exposition grounds. Inside will be sold relics of the battlefield.

CINCINNATI TOBACCO MARKET.

Most of the Sales Last Week Were
Taken by the Manufacturers.

Regarding the market for the past week and the future outlook the Cincinnati Leaf Tobacco Warehouse Company says in its circular to the trade:

The sales have been quite large the past week, on account of the sales being closed previous week for 4th of July. With moderate offerings on Tuesday, the buyers did not show as much animation as the week previous. In fact there was a tendency to let prices down some. Most of the tobacco was taken by the manufacturers, and the sellers rejected largely. The offerings on Wednesday were fully up to the capacity of the houses, and the market appeared to rally some, and a larger proportion was sold. The sales followed on Thursday with large offerings, and prices were fully as strong as on Wednesday. There is no doubt the quality of tobacco has had its influence in making the market look lower, and as the offerings have not been composed of as much good tobacco the past three weeks, the speculators have not been as active in purchasing, as they think the rains and favorable reports from the country will have a tendency to make prices easier. The receipts have been quite large, and the prospects look favorable for good sales this week.

After Insurance Agents.

The insurance men of Covington were taken by surprise Friday at noon when Assistant Insurance Commissioner W. T. Haven, of Frankfort, swore out warrants for the arrest of H. C. Thomas, Logan E. Wood, R. Rettig, G. H. Wechsler, H. H. Puthoff, John A. Hall, A. E. Foster and J. D. Young, all of whom are well known agents in Covington.

Inspector Haven claims that none of the agents for whom he has procured warrants have taken out their annual license, as provided by law.

The State Commissioner has just commenced a crusade against agents all over the State who have failed to take out their regular annual license.

Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep.

Castoria is put up in one-size bottles only. It is not sold in bulk. Don't allow any one to sell you anything else on the plea or promise that it is "just as good" and "will answer every purpose."

See that you get C-A-S-T-O-R-I-A.

The fac-simile
signature of  is on every
wrapper.

BIG PROFITS Small Investments

Returning prosperity will make many rich, but nowhere can they make so much within short time as by successful speculation in Grain, Provisions and Stock.

\$10.00 FOR EACH DOLLAR INVESTED can be made by our Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system.

It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic and judicious investment, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$100,000 or more by those who
